Disaster Response Network

If you have a real estate loan, a Disaster Response Network (DRN) is operational and can be used to assist you if you are financially impacted by COVID-19. The DRN has trained financial counselors who will work with you to create a workable budget based upon your present financial situation and assist in explaining options including obtaining unemployment benefits and any new special assistance. We encourage you to contact the Disaster Response Network at 1-877-542-9723.
