This touching comedy centers around five Southern women who became friends on their college swim team. The group sets aside a long weekend every August to recharge their relationships. Free from husbands, kids and jobs, they meet at the same beach cottage on North Carolina's Outer Banks to catch up, laugh, and meddle in each other's lives. The play begins 22 years after they graduate from college. *The Dixie Swim Club* focuses on four of those weekends and spans 33 years. It is really a study in friendship and how it grows and changes through the years.
